

Good Day All,

The Command Career Counselor 2009 Navy E-Learning Course (CPPD-CCC-020-1.0) on NKO is now retired. This course will no longer be a requirement for Sailors converting/attending the CCC Course (A-501-0011). Once MPM-1440-020 gets updated, the line item will be removed. Please pass to your respective communities.

On another note, CPPD is disestablished effective 30 September 2015. The new command is NETC GST (General Skills Training), under NETC N7. Nothing has changed from the CCC perspective, schoolhouses will remain in the same locations, and all course information can be found on CANTRAC.

V/r,
